**Reclaim our
Jobs,
Prosperity,
Freedom**

**CRAIG
Huey**
for CONGRESS

Dear Fellow Republican,

Washington D.C. is broken and the government no longer works for you and me. It seems to exist solely for those who profit from it – the politicians and government unions who demand higher benefits, even as the rest of us are cutting back.

Career politicians at all levels – local, state and federal – have let us down. You deserve better. As a Republican and local small business owner for 25 years who grew up here in our district, **I will bring a new approach to problem solving – one based on my real world experience running a business that employs people right here at home.**

I will never lose faith. I know America's greatness comes from the American people – working men and women right here in our district – not from the government.

Let's reclaim our jobs, prosperity and freedom. I need your vote to work for the true change we need.

Sincerely,

Republican for Congress

Tuesday May 17th is Election Day Here's Why Your Vote is **IMPORTANT** in this Special Election

The Special Election will determine if our district is represented by a local Republican business owner with real-world experience, or by one of two liberal Democrats with long records of hostility toward taxpayers and small business.

Craig Huey

Republican Small Business Owner

- ▶ **Craig Huey** will work to reduce and **reform government employee pensions** – to bring them in line with private sector employee pensions.
- ▶ **Craig Huey** will **reduce government spending**, oppose pork barrel projects and demand accountability in the federal budget.
- ▶ **Craig Huey** **opposes any attempts to raise taxes** – we already pay too much.

Debra Bowen Janice Hahn

Liberal Democrat Politicians

- ▶ Bowen and Hahn are in the pockets of the government employee unions who demand budget-busting pensions and benefits.
- ▶ Bowen and Hahn oppose cutting spending on government programs to balance the budget and eliminate the deficit.
- ▶ Bowen and Hahn want higher taxes on working families and small business to pay for big government programs.

Craig Huey for Congress
