“With so many police officers and other public employees cashing in on the new pensions, local governments have been forced to take out loans, raid reserves, cut budgets for other necessities – or worse.”

The **ONLY** major candidate for Supervisor who will oppose the government employee union agenda is conservative **Shawn Nelson.**

Important Message for Republicans:

Dear Republican Voter,

The stakes are high, and the line has been drawn. Government employee unions demanding higher pensions, salaries and benefits cannot be allowed to elect one of their puppets.

As a city councilman in Fullerton, Shawn Nelson exposed backroom union deal-making and stood up for taxpayers who had had enough. He stopped pension-spiking schemes that would have put his city in debt for years.

The ONLY major candidate for Supervisor who will oppose the government employee union agenda is conservative Shawn Nelson.

The ONLY candidate endorsed by the Republican Party of Orange County, and by the California Republican Party, is conservative Shawn Nelson.

On behalf of your Republican party, I urge you to vote for Shawn Nelson for Supervisor.

Sincerely,

A handwritten signature in blue ink that reads "Scott Baugh".

Scott Baugh

Chairman, Republican Party of Orange County

**Shawn Nelson is endorsed by
Representative Ed Royce and Assemblyman Chris Norby.**
