– JIM SILVA

Jim Silva gets things done for us!

CONTROLLING GOVERNMENT SPENDING

Jim Silva is working hard to stop out-of-control government spending.

As Co-Author of a Constitutional Amendment to limit the growth of government spending, Jim Silva knows we have to take action now to prevent government from growing too big.

Specifically, Jim Silva wants to limit government spending growth to population increases plus inflation — a common sense approach that would have prevented the budget mess that took place this year in Sacramento.

KEEPING NEIGHBORHOODS SAFE

Crime Victims United is endorsing Jim Silva because he is a proven leader working to keep our streets safe and keep criminals locked up behind bars.

In the Assembly, Jim Silva has fought efforts to weaken 3-Strikes and has voted to keep sex offenders out of our community. His work is making a difference in our community, and that's why he supports adoption of the Safe Neighborhoods Act to stop gangs and protect victims.

FIGHTING FOR LOWER TAXES

A member of the Assembly Budget Committee, Jim Silva has worked to fix the mess in Sacramento and stop the state from raising our taxes.

Because of Jim's leadership of keeping radical politicians from raising our taxes,

he received a perfect rating from the California Taxpayers Association. But Jim has done more than just fight against higher taxes — he's co-authored legislation to allow parents to deduct contributions made to education savings accounts on their income tax returns.

PROTECTING OUR QUALITY OF LIFE

A Member of the Subcommittee overseeing the State Resources Agency, Jim Silva is protecting our quality of life here in Orange County.

Jim is working to improve water quality, keep our air clean and to make sure our citizens have a reliable and dependable supply of renewable energy. And because Jim Silva is working so hard to make our lives better, he is supported by hundreds of local leaders, small business owners and hard working taxpayers.

Let's Keep Jim Silva Working for Us!
