“Instead of protecting the retirement security of Americans who earn an honest living and abide by the nation’s laws, Francine Busby sides with people who are here illegally and abuse our Social Security system.” –Jim Martin, President, 60 Plus Association

Social Security is a sacred trust between American citizens and their government.

U.S. law currently bars illegal aliens from receiving Social Security benefits.

Congressional candidate Francine Busby wants to change that.

Busby told FOX News on May 31st that she wants to give Social Security to 12 million illegal aliens as part of the mass Amnesty plan she supports.

And at a debate on May 11th, Busby said she supported raising the age at which American citizens can start collecting their Social Security benefits.

Busby’s plan for Social Security:

Longer waits for American citizens.

Extra benefits for Illegal Aliens.

At a time when the future of Social Security is in doubt, can we afford Francine Busby’s plan to add 12 million illegal aliens to the Social Security rolls
