

# Governor Arnold Schwarzenegger has endorsed just one candidate for State Senate this year

# *John Campbell!*

**“Since his first days in the Legislature, John Campbell has been a strong, and sometimes lonely voice against the special interests that dominated the Legislature in recent years. John has offered bold and innovative solutions to our budget crisis and steadfastly resisted calls for higher taxes.”**

  
Governor Arnold Schwarzenegger

Challenging times require extraordinary leadership.

Governor Schwarzenegger has endorsed just one State Senate candidate in California this year — our own John Campbell.

John Campbell is an extraordinary leader — a legislator who is truly making a difference for our families, our economy and our future.

John Campbell is a visionary who does more than sit on the sidelines — he takes bold action.

Tough on waste. Tough on spending. Tough on illegal immigration.

**John Campbell will make a great State Senator.**
